Innovators of the Modern-Day
Louvered Roof

Express Yourself in Color

The Arcadia system features four (4) standard color options that compliment almost any architecture. For those unique applications we do have available thousands of custom colors. A chemical textured powder coat makes a more scratch-resistant surface, while giving it a flatter finish that is driving the outdoor color pallet of today.

Features and Benefits

A variety of colors, materials and finishes are available to compliment any architectural style. Units can be free-standing or attached to existing structures to enhance any area requiring convenient sun weather control.

- COMPLETELY EXTRUDED ALUMINUM SYSTEM
- HIGH QUALITY BUILDING MATERIALS
- COLOR OPTIONS
- INTEGRATED GUTTER SYSTEM

Functionality

The Arcadia Louvered Roof System provides comfort, ambiance, shade, and rain protection by remote control. Flexibility and beauty of the system immediately rewards you with more useful and desirable tables plus increase profit potential for your restaurant, bar or hospitality centers.

Custom features can also be added to enhance the look and feel of your outdoor space: ceiling fans, decorative lighting, heaters, retractable and/or fixed screens/clear vinyl, misters, and more.

Never again will you have to disrupt a customer's meal to re-position an umbrella just to shield a small area from wind, sun or rain.

Never again take up valuable floor space while cluttering up your patio with umbrella poles and bases.

Never again will you have to turn away patio customers because of inclement weather.

In Action

Closed - Keep dry and cool off by adjusting the system to the closed position.

Angled In - Create partial shade or full shade by angling our system to whatever degree you feel comfortable with. Experience full shade with added benefit of full ventilation to keep your outdoor space even cooler.

Open - Rotate the louvers to an open position to bask in the sun's rays. Great during the winter months when you want to let the sunlight in.

Angled Out - Continue to extend the system to control the shade and keep your louvered roof at whatever position best suits your needs.

Arcadia Adjustable Louvered Roofs are manufactured entirely in the U.S.A.
